Federal Communications Commission May 26, 1993

reasonable and financially practical solutions to the problem. However, we must strongly protest the adoption of (Docket 92-235) as now proposed.

Currently, we are actively involved with the Arizona Chapter of the Associated Public Safety Communications Officers, Inc. and have worked in concert with this group in formulating formal comments regarding the refarming Docket which is being forwarded to you under separate cover. We are also aware of the National
